DE TECHNIEK
ACADEMIE

Matching Student & Companies

Jacques de Groot | directeur DTAc

Sponsored by:

≡ provincie
Gelderland

Who are 'we'

- Association of (60) technical companies
- Are concerned about number of technical students (not enough)

Students BBL (working and learning)

STUDENT SKILLS

- AMN Test (personal & learning skills)
- 2 days working at DTAc
- Intake at student's home; motivation, home environment
- Intake at school (by Teacher); learning capacity

=> 'complete' picture of the student

Company Profile

Technical opportunities:

- Visit by our ‘technician’; what are they doing
- Do they have the “permit” (specific for level and work)

HRM

- Who are they (culture)
- What are their needs (future)

Company Profile

Technical opportunities:

- Visit by our ‘technician’; what are they doing
- Do they have the “permit” (specific for level and work)

HRM

- Who are they (culture)
- What are their needs (future)

Student Skills <> Company Skills

- The more we know about student and company, the better the match, and also less chance of breaking up
- The more companies as member, the higher the chance of a good match

MATCHING - steps

1. Student accepted by DTAc
2. DTAc contacts company (member) => Yes? => finish
3. Student contacts company. => yes? => contact between company and DTAc => agreement/member => yes? finish
